1. Kingdom Regalia - fundraising for new Kingdom medals of office has begun. Calls for bids from inside Kingdom artisans has been renewed. In the meantime, funds still need to be raised regardless of who creates the pieces. The question posed to Council is, Do we wish to sponsor a medal as a Barony? Discussion before vote on state of Baronial accounts (solid). Vote: Unanimously passed. Discussion on which medal would like to sponsor. 1st choice: A&S, 2nd choice: Exchequer, 3rd choice: Earl Martial. (Post meeting update: we have confirmed claim on A&S medal)
2. Skraeling Chatelain has made call for a replacement - we have one applicant, Sapphyrah Rozvardo. Candidate was discussed. Vote to accept candidate: unanimously passed.

Saturday, August 27th, 2016

3. Brief discussion on Caldrithig and their loss of Hare site. Questions on if there was anything we could do to assist. Moot point as they have successfully found a replacement site.
4. Multiple officers looking for replacements. Sorcha, Constantine and Jane are at the one year mark in their terms. Daffyd has been in his position for almost three years and would like to step down by Practicum. Ozme/Song is closing in on two years but intends to see the Baronial name change finished before stepping down. Please formalize your search for replacements to the lists - canton seneschals should promote these opportunities to their members.
5. From the pursuivant: a minor adjustment needed to be made to the Baronial badge submission to make the peak of the chevron more visible. Currently up for discussion with the College of Heralds.
6. From the webminister: steady progress on changes to Skrael website. Plan is to go live with the new format by Feast of the Hare. Reminder for officers to sent in small bio with photo.
7. From the A&S minister: one entrant submitted in inaugural baronial QPT style tourney.
